Nature Research Academies Workshop

The Nature Research Academies are a set of interactive workshops based on writing papers, and are conducted by a lecturer from Springer Nature, the publisher of Nature. These workshops will be held according to the following three research field courses, across three separate webinars. Any researcher who wants to learn about writing English papers, either from inside or outside of Hiroshima University, can register. Graduate students are also welcome to participate. (Capacity: **100 (for each course)**, Language: **English**, Participation fee: **Free**)
